

With the Alert Boy Scouts of Maui

Our 12th Anniversary

Scout membership continues to increase. There are at present according to the latest figures given out by Mr. James E. West, Chief Scout Executive, 417 first class scouts, 178 second class scouts. Of the 17,738 registered troops only 7,588 are not under council. The remaining 10,150 being regularly organized under local jurisdiction. In September 1921 the records showed 410,676 registered scouts and 119,283 Scouts officials.

It is interesting to note that this membership of Scouts is larger than the total membership of Scouts in all the other countries associated with the International.

February 8-14 inclusive is Anniversary Week of the Boy Scouts of America. Our twelfth year in scouting and as shown by the above statistics a wonderful growth.

Do A Good Turn Daily

This will be our special slogan for this week and we sincerely hope that every one on the island of Maui will join in this great slogan. When you arise on the morning of February 8 make up your mind that you will not go through the day with out doing at least One Good Turn, and with this start keep it up for the rest of the week.

The commissioner is arranging to give special demonstrations in all the public schools in which the Scouts will pledge allegiance to The Flag, repeat the Scout Oath and Law, and give special demonstrations in first aid and life saving.

We are in hopes that some of the pastors and priests will make special mention of the scout movement in the pulpits.

I wish to call the attention of the scoutmasters to the fact that we wish to maintain a high standard of efficiency in passing our tests from tenderfoot to Eagle Scout and we can only do this by living up to the requirements as called for in the scout hand book. Do not let down. It will cheapen the movement and also tend to make the scout think it is easy. A boy really wants to tackle a stiff job. In the knot tests see that the scout ties all the required knots and properly names them, and also gives two or three uses for each one. Have him tie them on timbers where ever possible or make fast to larger lines. In his Scout Oath and Law he must be thoroughly grounded in the meaning as well as to repeat them. He should have a thorough knowledge of the meaning of the scout sign and salute. The flag is our important feature. He should know it thoroughly.

Test Hints Second Class

Tracking—Tracking should not be too simple. The method as given heretofore by the commissioner is the one that should be used in all cases. If the scoutmaster wishes to give this test the Commissioner will be glad to give the proper instruction.

Scout Pace—Have the scouts try this test a number of times. Do not allow them to go out and try it the first time as a test. Only by conscientious practice can this be accomplished as called for by the hand book. Nothing should be left to chance.

Knife and Hatchet: The scout must not only know the written rules as called for in the hand book but he must be able to sharpen a knife and hatchet properly. This must be done by a man who is qualified to know how to do it properly.
